

Before each exam series, we send you confidential materials for individual components in blue question paper packets. Depending on the component, there are different regulations. The table on the right explains how you must handle each type of component.

Example of a question paper packet label

Important information

- If you do not receive materials for late or amended entries in main despatches, they will arrive at a later date.
- Make sure all confidential despatches are passed to the exams officer or Head of Centre on arrival.
- If the despatch has been damaged or opened in transit, or is damaged before the exam day, complete and return *Before the exams – Form 3*.
- If you are missing any of the packets listed on the despatch note, complete and return *Before the exams – Form 2*.
- Store all packets securely according to the regulations in part 4 of the *Cambridge Handbook*.
- Before each timetabled exam, two members of staff should collect the question paper packet from secure storage. Before opening the packet, two staff members must independently check it is undamaged. They must also check the details on the label are correct. This includes checking the centre number, exam date, session, subject title, syllabus and component number are correct.
- When the blue question paper packet is opened, the front cover of the question paper will be visible through the transparent inner bag. Two members of staff must independently check again that the day, date, time, subject and component are correct. They should make a final check to make sure that the inner packet has not been opened and is undamaged before opening it.
- Contact us or your Cambridge Associate if you are unsure when to open a packet of confidential materials.
- If a packet is opened in error on the exam day, tell us straight away and complete and return *Exam Day – Form 11* so we can support you and maintain the security of the exam.

Contents of packet	How to handle packets securely
Question papers for timetabled exams	<p>Start of the exam:</p> <ul style="list-style-type: none"> • Before opening the packet, two staff members must independently check it is undamaged.
