

THE BEST THING I LEARNED THIS YEAR

“There is no royal road to learning”, that is the best thing I have learned this year. While others resorted to rote learning, I opted to understand the tricky concepts involved. Thanks to Cambridge, this seemingly onerous task was greatly simplified.

All I required during those gruelling exam days was a Cambridge syllabus compact disc and access to its official student’s website. The examiner reports and mark schemes were unparalleled learning aids. They were concise and proved to be lifesavers when time was of the essence. The aforementioned website provided numerous tips, which served as guidelines for the exams.

I feel privileged to be a part of Cambridge, where innovation is appreciated, rote learning is discouraged and a flawless instruction manual is provided to all students. I have learned that hard work has no substitute, anyone who thinks differently is in for a rude awakening.
