INTRODUCTION

The CIE Publications Catalogue is published twice a year in March and September and available on the website: www.cie.org.uk. Please ensure that you order items from the most recent catalogue.

Syllabuses, past question papers, mark schemes and examiner reports for all of CIE's internationally-available IGCSE, O Level, AS Level, A Level and Cambridge International Diplomas qualifications are published on the Teacher Support website and CD-ROM.

In addition, six *CIE Publications CD-ROMs* containing syllabuses, past papers, mark schemes and examiner reports are available; one for each examination session: May/June 2006, October/November 2006, May/June 2007, October/November 2007, May/June 2008 and October/November 2008. **Each CD-ROM offers all available materials at all levels for that session.** The CDs can be ordered from CIE Publications using the order form at the back of this catalogue. The CDs cost £15 per copy. All other publications produced by CIE are listed in this catalogue under the relevant qualification heading.

Material for the four most recent examination sessions is listed in this catalogue. Additional past question papers, mark schemes and examiner reports going back to the May/June 2006 examination session can be ordered from Publications and supplied on CD-ROM.

For those customers who are unable to use CD-ROMs, printed copies of syllabuses, past question papers, mark schemes and examiner reports may be purchased from CIE. Please note that these may be copies of the documents, not the originals. If you require printed copies of materials published on the *CIE Publications CD-ROMs*, please list each document separately on the order form at the back of this catalogue, quoting the relevant reference number and a contact telephone number.

Items available free of charge are only available for no charge on the condition that they will not be resold or traded to any third party; CIE reserves the right not to provide items to any organisation or to take any action that it considers appropriate.

These packs are to be used by teachers requiring accreditation for marking coursework or for teachers assessing students' speaking skills. Each pack includes a distance training manual, syllabus, (and tapes/CDs where necessary), standards booklet (where available) and mark sheets. It is necessary for each Centre to purchase only one pack and then any number of teachers can work through the pack, photocopying the relevant sheets.

An additional charge of £20 is payable for each assessment returned to CIE. If further assessments / speaking tests are requested by the Subject Coursework/Speaking Test Consultant, an additional charge of £20 is payable for each assessment. This charge includes the services of the Subject Coursework/Speaking Test Consultant, who will examine the marks that the trainees give for the unmarked exemplar coursework/speaking tests they have conducted with their candidates, write to discuss marking problems if necessary, and recommend the issue of a certificate stating that the teacher may now assess the students' coursework for IGCSE.

It is recommended that these packs be used with the accompanying Cambridge Professional Development for Teachers book for the subject, if available (see page 25).

Each individual teacher must send in a separate assessment.
